

Stop and Shop is doing the A+ Rewards program again where you can register your Stop and Shop cards online so that each purchase you make at a Stop and Shop earns points for local schools which are then turned into dollars at the end of the school year. Thanks in part to all of you who registered your cards last year. Cameron Middle School earned some money last year! That money went directly to the school to purchase technology and curricular materials.

We could use your help again this year! *****You must register your card every year for the program.***** And this year, they have made it a lot easier. You do not need to create a Stop and Shop account online. All you need is your card number and the first 3 letters of your last name and that is it! It takes about 10 seconds to register your card. And, your card functions the way it always does – you get the Stop and Shop card specials like always, and nothing changes. We do not have access to your card number or any of your personal info. It is safe and easy!

To register your card, please go to :

<http://www.stopandshop.com/aplus>

Then, click on the green rectangular button on the middle of the right hand side of the page that says, “Register your Card”

Simply enter the first 3 letters of your last name and your Stop and Shop card number (don’t forget the numbers that hang out to the right and left of the main number) and pick the school.
