

2008/2009 BEFORE & AFTER SCHOOL PROGRAMS For FPS Students in K-5th Grades

Before & After School Programs Located at Schools

To help meet the extended day care needs of Framingham Families, The Framingham School District rents space in each of the elementary school to private vendors. Each vendor is solely responsible for the quality of their program. However, they must meet basic standards including: being licensed by the Department of Early Education and Care, maintaining a ratio of at least 1 adult to every 10 children, providing a snack, scheduling time to complete homework, and offering a choice of activities to the children. Parents must contact the program for additional details.
