

# **Mental Health Consultation Services**

## **PROGRAM DESCRIPTION**

**Consultation Services for Children** is funded by the Department of Early Education and Care as part of a statewide mental health consultation service model designed to:

**Promote** the healthy social and emotional development of all children;

**Build** the capacity of early education and care program staff to enhance children's learning through positive, nurturing interactions with children and with their families and to address the needs of children who exhibit behavioral challenges;

**Attend** to social-emotional needs of children so they are ready to learn and successful in their early education;

**Reduce** the number of children who are suspended or expelled from early education and care programs;

**Promote** collaboration for better access to supportive services for children and their families; and,

**Maximize** resources by ensuring that certain mental health interventions are funded, when appropriate, through insurance payments.
