The library also sponsors an on-site field trip during the last week of the program.</p>	<p>July 6-31st</p>	<p>Students referred by literacy coaches based on iReady reading levels English Learners referred by Language Development coaches based on language proficiency levels</p>	<p>\$35 registration fee</p>	<p>Breakfast and lunch provided</p>

CRD: Middle School TV Production	Partnership with Access TV - 2-week program that focuses on media production. Students will learn cameras, editing software, green screens, audio, scriptwriting, and acting.	First two weeks in July for Fuller & second two weeks in July for Walsh (TBD) Both weeks open to Cameron	Current Middle Schools Students	\$25 registration fee	Breakfast and lunch provided Transportation available Currently, middle school summer programs are funded by grants awarded to Fuller and Walsh. In order to ensure equity for all students, we allocate over 30 slots for Cameron Middle School students to also participate.
CRD: Middle School Discoverers	This program will be based around STEAM projects. They will be working on things relating to environmental awareness in fun and exciting ways. As this is a summer program we will also have time for fun games to keep everyone enjoying the summer.	Walsh July 6th-10th	Current Middle Schools Students	\$25 registration fee	
CRD: Intro to Middle School	This program is geared towards rising 6th graders. Team building, tours and activities designed to help new middle schoolers make the transition from elementary to middle school.	TBD - depends on middle school building schedule	Incoming Middle School students	\$25 registration fee	
CRD: Summer Institute	Framingham High School(FHS) runs a month-long summer program that currently offers two types of classes for high school students: Credit Recovery: if a Framingham High School student is missing coursework or time in a particular class and is on the verge of failing, students and families are able to sign up for a credit recovery class in the summer. This provides students with additional time and support to complete assignments and/or time missed. Completing this summer class allows students to avoid failing and needing to repeat a class the following school year.	July 6-31st	High School students - in/out of district	Reg Fee: \$35/class \$195.00 for credit recovery class \$245.00 for credit-bearing class	

	Original Credit Classes: Framingham High School students and families are able to enroll in classes that earn actual credit towards graduation - this allows students to complete specific requirements early, add an additional study hall or work-study the following school year, or simply learn something new in the summer.				
Entering K Transition Camp BLOCKS/ECAF / Framingham State University	Entering K Transition Camp is a pilot summer program coordinated by BLOCKS, The Early Childhood Alliance of Framingham (ECAAF) and Framingham State University. The program will focus on helping students adjust to school, adapt to routines and support social emotional readiness. The program will serve up to 40 students. Breakfast and lunch will be provided at no cost.	July 6-31st	Open to Incoming Framingham <u>K-students with no previous access to Pre-K or Head Start programming.</u>	Free to families 9:00 AM to 2:00 PM \$35 Registration Fee	The pilot program is a first step to addressing a growing concern of nearly 26% of entering Kinder students who have not participated in Pre-K programming. Framingham State will play a significant role in terms of assisting us in collecting data to measure our effectiveness, developing teacher practicums in the following years that can offer Graduate level teacher placements at no cost to the district and pending funding serve as the year 2 expansion site utilizing their early childhood lab and Pre-K facilities.

File: IHCA - SUMMER SCHOOLS

The school system shall make available summer sessions as a supplement to the instruction offered during the school year, when funding for such programs is available. The focus of the program will be remedial work.

To attend summer school, students must have the approval of their classroom and/or special subject teachers.

Students at all instructional levels may attend approved summer schools for remedial, enrichment, or make-up purposes. Credit towards graduation requirements may be granted to high school students in line with regulations of the School District.

All summer programs will be subject to annual approval by the School Committee.
