## **2. 2020 Meeting Schedule**

### **Guidance from the Chair**

*The Subcommittee shall review the previous School Committee's Detailed Calendar and Year Long Agenda Review documents. The Subcommittee shall work directly with the Superintendent and/or his designee(s) and make recommendations to schedule at least the following items:*

- *Two School Committee meetings per month, avoiding school vacation weeks and avoiding the City Council's plan to meet on the first and third Tuesday of the month*
- *Two budget workshops requested by the Superintendent in February*
- *A tentative date for the public hearing on the annual budget (FPS Policy DBG)*
- *A schedule for School Improvement Plans to be presented for each school (FPS Policies BDFA-E-1 and BDFA-E-2)*
- *Annual required votes (FPS Policies JFAB and JFBB)*
- *A schedule to meet at regularly scheduled School Committee meetings, or at other times, "at least once every other month while school is in session with its student advisory committee" (FPS Policy JIB)*

### **Recommendations**

#### **Recurring School Committee Meetings**

It is recommended that the full School Committee meet on the 1st and 3rd Wednesday of the month as a recurring schedule. Although not scheduled at this time, it is also recommended that School Committee members set aside the alternate Wednesday nights (to the extent they are able) for subcommittee meetings or workshops as needed.

It is recommended that on a regular basis, the School Committee meet with the Mayor and his/her staff to ensure that communications are kept in good shape.

It is recommended that at least once a year, the School Committee meet with the state legislative representatives, as so much state action affects education, student health and wellness, student job prospects and climate change as it may have it greatest effects on the youth of today.

It is recommended that as part of the budget process, there be held at least one joint meeting of the Finance & Operations Subcommittee with the Council Finance Subcommittee prior to the

district finalizing its annual budget for submission to the Mayor.

A full long-term agenda with proposed School Committee meeting dates is included in Appendix B.

## 4. Subcommittees of the School Committee

### Guidance from the Chair

*The subcommittee shall make recommendations on which, if any, subcommittees shall be continued and/or established. This subcommittee shall not recommend members for each potential subcommittee, as that will be done in a future action.*

### Recommendations

#### Recommended Subcommittees

The approach to subcommittees is that they should reflect the major areas of interest and action for the School Committee. They provide a mechanism for productive, cooperative work with FPS administration and staff which is much easier than would be the case if the entire School Committee had to engage as a body. The subcommittees should be consistent with the principal goals of the School Committee, the superintendent and the FPS system as a whole.

The list of recommended subcommittees is:

- Policy
- Finance & Operations
- Buildings & Grounds
- Teaching & Learning
- Equity, Inclusion, and Diversity
- Health & Wellness
- Climate Change, Environment & Sustainability
- Temporary Subcommittee on Data, Transparency, and Website

**Policy** - this subcommittee shall work with the FPS administration to develop and recommend new and revised policies to the full School Committee, and shall be responsible for making sure that our online policy manual is updated. This should remain as a standing subcommittee. During the Policy portion of full School Committee meetings, the Chair of the Policy Subcommittee will preside over the meeting.

**Finance & Operations** - this subcommittee shall work, as appropriate, with the FPS administration, the City Council and municipal leadership (including but not limited to the CFO) to develop standardized, comprehensive, timely financial reporting that allows the School Committee to have a complete understanding of the financial performance of the district in all appropriate areas, so it can ensure that the budget is properly managed throughout the financial

year. This reporting should include multi-year projections to support sound planning. The subcommittee shall work to ensure that the full School Committee receives financial reporting on at least a monthly basis, as prescribed by policy DI, which asserts that:

*“It is the responsibility of the Superintendent to ensure that the School Committee is well informed on budgetary and financial matters. The school administration shall furnish to the School Committee a monthly budget report indicating the current status, including unexpended funds, in each budgetary classification; with a report to be made at budget preparation time of an analysis of predicted year-end unexpended funds and cost overruns in each budgetary classification. It is the responsibility of the Superintendent to inform the School Committee as to any surplus funds as the end of the fiscal year approaches.”*

Each year the subcommittee shall review the current fiscal year budget book and make recommendations as appropriate for any improvements needed for the upcoming fiscal year budget book. The subcommittee may take up other financial matters referred to it by the School Committee Chair or the full School Committee. The subcommittee shall also be responsible for developing appropriate reporting by FPS on food services and transportation.

**Buildings & Grounds** - this subcommittee shall work with the FPS administration to develop reporting on the state of FPS buildings and grounds, including ongoing maintenance and repairs, develop long-term plans and proposals for building renovations and replacements and to advise the Buildings & Grounds Department on facilities planning, capital projects and related issues. The subcommittee shall also perform a review of Capital Budget requests before they are presented to the full School Committee. Lastly, the subcommittee shall work with the FPS leadership, and, when appropriate with the Planning Board and Zoning Board of Appeals, to evaluate projected student enrollment both at the district level and on a school by school basis based on future residential development, and ensure that both short term and long term plans are developed to ensure that school system capacity meets our student population needs. This subcommittee should pay careful attention to all School Improvement Plans to ensure consistency in handling needed building improvements. This committee shall be a standing committee.

**Teaching and Learning** - This subcommittee shall work with the Office of Teaching and Learning and other FPS administrators as needed to develop and/or refine reporting that addresses various aspects of student outcomes, with a focus on student achievement and accountability. This reporting shall include, but not be limited to:

- course availability and placement
- performance on standardized testing
- student attendance
- conduct and discipline
- graduation and post-secondary success

This reporting shall include all cohorts of students (e.g. general education, special education, English Learners (ELs), Dual Language learners, gifted and talented (SAGE), etc.). These reports shall be analyzed by the subcommittee and administration on a regular basis so that the administrators can determine actions to be taken by the administration and the subcommittee members can determine recommended actions to be considered by the full School Committee. It is recommended that the reports and corresponding analysis be reported by the subcommittee to the full School Committee on at least a bi-monthly basis.

**Equity, Inclusion & Diversity** - this committee will seek to develop standardized, comprehensive and timely reporting that allows the School Committee to have a complete understanding of the current equity performance of the district in all appropriate areas, such as curriculum, hiring, policy and professional development so that we can ensure a more balanced and equitable system that will lead us to greater outcomes for ALL students, teachers, administrators, and parents within FPS. Work with the FPS administration to review the output from the equity audit and determine next steps.

**Health & Wellness** - this subcommittee shall work with FPS administration, staff and student governance and other student organizations, to develop reporting on student and staff physical, social and emotional health and wellness and to make appropriate recommendations to the full School Committee. Areas included in the scope for this subcommittee include, but are not limited to: vaping; alcohol use; smoking; other drug or substance use; nutrition, physical activities- including sports activities of all kinds, including varsity, junior varsity and intramural sports; transportation, including alignment with student schedules; facilities; threats presented by EEE; stressors and stress management; homework loads; alignment of school start times with student biorhythms; absenteeism; classroom environment etc.

**Climate Change, Environment & Sustainability** - this subcommittee shall work with FPS administration, staff and student governance and other student organizations, to develop reporting on environmental and sustainability issues and to make appropriate recommendations to the full School Committee. Areas included in the scope for this subcommittee include, but are not limited to: municipal aggregation; rooftop solar panel installations; solar parking lots; wind power installations; heat pump HVAC systems; charging stations; school district energy management; paper use reduction; trash handling; recycling; composting; tree planting; garden installations; severe weather mitigation; building water runoff use; support of related student STEM projects; support of related curriculum electives; virtual presence meetings etc. It is clear that our students' future depends not only on education, but on the measures we take to ensure that the physical world they live in will be protected from extremes of climate change and the other myriad effects of global warming, including the 6th extinction. It has become clear that environment and sustainability needs to be an elevated focus of the School Committee. Also, creation of this new subcommittee aligns with citywide efforts, such as general sustainability operations, climate change and hazard planning, including the Municipal Vulnerability and

Preparedness planning process which is aimed at climate change resiliency. It also aligns with state action on climate change.

**Temporary Subcommittee on Data, Transparency, and Website** - This temporary subcommittee will work with FPS administration to look into what the needs are in regards to data and reports that the District should provide, what supports to achieve them are needed, what data should be published on the District website, and what information and data should be published on the School Committee specific website with a goal of transparency and more information being easily available to the public. Examples of items to consider are School Committee member meeting attendance records, major votes of the School Committee, biographies for members and student representatives, subcommittee mission summaries and members assigned, School Committee self evaluations, among other items.

### **General Recommendations**

Across all subcommittees, it is generally recommended that:

- The School Committee Chair appoint 4 members to each of the subcommittees listed above, so that any two members of a subcommittee can discuss matters within the purview of the subcommittee without violating the Open Meeting Law.
- The School Committee Chair appoint one individual to serve as the Chair of each subcommittee and the subcommittee fill other roles as needed, such as Vice Chair.
- The School Committee Chair make subcommittee appointments in a way that balances interest and experience and reflects the diversity of our community and our School Committee.
- Subcommittees leverage available data for making decisions, examine relevant data to understand how we are performing in their area of responsibility, and request additional new data as needed to carry out its charge.
- Subcommittee members shall be surveyed/consulted before meeting dates are set. While ultimately it is the Subcommittee Chair's decision on when to schedule a meeting, Subcommittee Chairs may not post meeting agendas for dates/times where it is known that no quorum is expected.
- Materials for subcommittee meetings should be available to members at least two business days prior to the meeting.
- The Executive Assistant has prepared a draft guide on Subcommittee operations to help chairs and members participate in effective subcommittee meetings. This guide appears in Appendix D.

## **Bargaining Teams**

It is recommended that the Chair assign at least one but no more than four School Committee members to the “Bargaining Team” for each of the six bargaining units. Those units are:

- Unit A - Members of the Unit A Collective Bargaining Unit are classroom teachers or teachers of remedial or special education, including all department heads, professional personnel serving pupils directly in a counseling capacity, nurses, occupational therapists, physical therapists, school psychologists, coaches of athletics, partnership and part time teachers, school librarians, academic coaches, but excluding substitute teachers and all other employees of the School Department.
- Unit B - Members covered by the Unit B collective bargaining agreement are school administrators, specified central office administrators and coordinators. Please note that not all administrative positions are covered by this collective bargaining agreement. Administrative positions not in the contract are governed by School Committee Policy.

  - Reported at each meeting of the School Committee
- Financial Reporting
  - Reported in full on a monthly basis (in format to be developed by the Finance Subcommittee), with updates as appropriate at each meeting, such as Bills & Payroll
- Generally, subcommittees will work with the FPS administration to arrive at the kind of reporting and frequency which makes sense for the subcommittee's area of focus.

#### **Content/Format of Reports**

Since all presentations and other materials given to the School Committee are publicly available and reflect on both the School Committee and the Framingham Public Schools, it is recommended that:

- Reports from the Superintendent and his staff be provided in writing as documents in the meeting packet so that they can be reviewed ahead of time by the School Committee and so that they are more easily referenced in the future. The provision of reports in this manner also provides an opportunity for the School Committee to submit questions by email to the appropriate person prior to the relevant meeting.
- Presentations and other reports be concise but complete.
- Documents, spreadsheets, presentations and other written materials use consistent and professional-looking templates.
- Posted documents should all be in PDF format
- If reports are lengthy, they should include an index and executive summary.
- Verbal presentations should summarize and supplement written materials - not simply

reiterate the underlying materials.

- Documents utilized at School Committee meetings need to be readable and accessible to all watching on TV and in the meeting room. The Executive Assistant has guidance available for presenters who need assistance in this area. A link to this guidance appears in Appendix D.
- Major reports should be easily accessible through a new Major Reports link added to the School Committee section of the district website.

  - Except under emergency circumstances and with the consent of the School Committee chair and a majority of the voting members, new or updated meeting materials will not be accepted within 24 hours of the meeting.
- No later than the end of the business day three days prior to the School Committee meeting, the agenda and all supporting documentation will be distributed as follows:
  - All documents will be added to the Google Team Drive in a folder designated for that meeting, with notification provided to the School Committee.
  - All documents will be uploaded to the FPS web site
  - The agenda (which includes a link to the meeting materials) will be sent to the City Clerk's office for posting.
- Alternative methods to be made available to the public:
  - If you need reasonable accommodations in order to participate in the meeting, contact the FPS Office of Equity, Diversity, and Community Development at 508-782-6890 or [jcorazzini@framingham.k12.ma.us](mailto:jcorazzini@framingham.k12.ma.us) in advance of the meeting.
