

Framingham Public Schools American Rescue Plan (ARP) - ESSER III Preliminary Plan - \$14,404,743 available until September 30 2024 (FY25)							
Projected Fiscal Year	Note if funding is needed beyond 9/30/24	Initiative/Project	Description of Initiative	ARP/ESSER III Allowable Expense Category	Department, Community Partner, Stakeholder	Amount	Initiative Status
FY22	Not needed after 9/30/2024	Student Summer Programming 2021	The impact of COVID has caused financial hardship for many families. The district is committing funds to ensuring free summer programming through FY22 along with additional funding in FY23 and FY24 to substantially reduce summer program costs. Expanded program offerings will be made available to address concerns related to student social emotional health and academic needs.	Mitigating Learning Loss/Summer learning and supplemental afterschool programs	FPS Community Resource Development/Out of School Time	1,000,000	Programs were successfully implemented this Summer with collaboration from community partners: Doc Wayne, Mass Audubon, Wild Child Outdoors, Metrowest YMCA, Metrowest College Planning Collaborative, Viking Sports and more.
FY23	Not needed after 9/30/2024	Student Summer Programming 2022	The impact of COVID has caused financial hardship for many families. The district is committing funds to ensuring free summer programming through FY22 along with additional funding in FY23 and FY24 to substantially reduce summer program costs. Expanded program offerings will be made available to address concerns related to student social emotional health and academic needs.	Mitigating Learning Loss/Summer learning and supplemental afterschool programs	FPS Community Resource Development/Out of School Time	500,000	The CRD team will be reviewing the data and feedback from Summer 2021 to develop a plan for 2022.
FY24	Not needed after 9/30/2024	Student Summer Programming 2023	The impact of COVID has caused financial hardship for many families. The district is committing funds to ensuring free summer programming through FY22 along with additional funding in FY23 and FY24 to substantially reduce summer program costs. Expanded program offerings will be made available to address concerns related to student social emotional health and academic needs.	Mitigating Learning Loss/Summer learning and supplemental afterschool programs	FPS Community Resource Development/Out of School Time	250,000	
FY22	Yes. Shift costs to operating budget over three years.	Bryt Program at Fuller Middle School		Mental health services and supports	FPS Health and Wellness	159,780	Assistant Teacher and Social Worker hired for the BRYT Program.
FY23	Yes. Shift costs to operating budget over three years.	Bryt Program at Fuller Middle School		Mental health services and supports	FPS Health and Wellness	81,488	N/A - 2022-2023 School Year
FY24	Yes. Shift costs to operating budget over three years.	Bryt Program at Fuller Middle School	See information in 8/4 packet.	Mental health services and supports	FPS Health and Wellness	41,559	N/A - 2023-2024 School Year
FY22	Yes. Shift costs to operating budget over three years.	Bryt Program at Walsh Middle School		Mental health services and supports	FPS Health and Wellness	167,733	Teacher and Social Worker hired for the BRYT Program.
FY23	Yes. Shift costs to operating budget over three years.	Bryt Program at Walsh Middle School		Mental health services and supports	FPS Health and Wellness	85,544	N/A - 2022-2023 School Year
FY24	Yes. Shift costs to operating budget over three years.	Bryt Program at Walsh Middle School	See information in 8/4 packet.	Mental health services and supports	FPS Health and Wellness	43,627	N/A - 2023-2024 School Year
FY22	One time FY22 cost.	Bryt Districtwide Assessment	Overview: The Brookline Center for Community Mental Health's BRYT Program Team (BRYT) will support selected schools in the Framingham Public Schools (FPS) with implementation of social-emotional and mental health supports including development of a medium- to long-term vision for comprehensive student supports, help with infrastructure development including revamping Student Support Team and Child Study Team structures and processes, and providing related professional development. BRYT will work to align its support with existing school and district initiatives related to school culture and climate, social-emotional learning, and mental health. FPS will select a cohort of schools to participate in this systems development process. BRYT will work with school and district leaders to design the overall direction of the process, including determining which activities will be done with school teams all together and which will involve school-specific consultation. The Brookline Center's fee for this project for the 2021-22 school year will be \$50,000. This fee integrates in-person and remote support, including any associated travel costs. The Brookline Center will invoice Framingham Public Schools for these supports according to the terms of the contract developed with FPS.	Mental health services and supports	FPS Health and Wellness	50,000	Planning for this initiative is ongoing.
FY22	One time FY22 cost.	One Time Employment and Building Enhancements	Finance and Operations office is working with departments to design and implement	Other activities that are necessary to maintain operation and keep staff employed	FPS Business Office	1,700,000	Finance and Operations office is working with departments to design and implement
FY22	Yes. Shift costs to operating budget over three years.	Elementary School Reading Teacher to support students who are struggling with foundational skills in the area of Reading due to the pandemic		Mitigating Learning Loss	FPS Teaching & Learning	596,466	Based on data analysis regarding reading levels and proficiency of foundational skills of students in grades K-2, it was determined that a licensed Reading teacher was needed to provide push in support for Tier II and Tier III interventions in the areas of phonemic awareness and phonics.
FY23	Yes. Shift costs to operating budget over three years.	Elementary School Reading Teacher to support students who are struggling with foundational skills in the area of Reading due to the pandemic		Mitigating Learning Loss	FPS Teaching & Learning	304,197	N/A - 2022-2023 School Year
FY24	Yes. Shift costs to operating budget over three years.	Elementary School Reading Teacher to support students who are struggling with foundational skills in the area of Reading due to the pandemic	See information in 8/4 packet.	Mitigating Learning Loss	FPS Teaching & Learning	155,141	N/A - 2023-2024 School Year
FY22	One time FY22 cost.	Innovation Recovery Grants (School Council/Parent Teacher Organizations)	See information in 8/4 packet.	Mitigating Learning Loss/Summer learning and supplemental afterschool programs	FPS Business Office	150,000	Innovation Recovery Grants topic to be discussed with District leaders on August 30, 2021. Communication plan will be finalized with an anticipated release to schools in September 2021 after we have settled into the 2021-2022 school year.
FY22	One time FY22 cost.	Playground Replacement	Harmony Grove Elementary School - Two current small structures and two sets of swings. Small structure closer to the parking lot has a broken climber on the structure and efforts to replace have been unsuccessful. ADA compliant components will be included in structure. Swings replaced in 2018 will remain.	School facility repairs to reduce risk of virus transmission	FPS Superintendent Office	128,079	Internal Playground Replacement Planning Meeting has been scheduled for September 3, 2021.
FY23	One time FY23 cost.	Playground Replacement	Brophy Elementary School - Current structure built in 1999 with issues with stairs and climbers. ADA compliant components will be included in structure.	School facility repairs to reduce risk of virus transmission	FPS Superintendent Office	119,187	
FY24	One time FY24 cost.	Playground Replacement	Potter Road Elementary School - Structure was installed in 1998. Due to the age there are some non-compliant issues like climber entrance widths and lacks a transfer point. ADA compliant components will be included in structure.	School facility repairs to reduce risk of virus transmission	FPS Superintendent Office	194,000	

Framingham Public Schools American Rescue Plan (ARP) - ESSER III Preliminary Plan - \$14,404,743 available until September 30 2024 (FY25)								
Projected Fiscal Year	Note if funding is needed beyond 9/30/24	Initiative/Project	Description of Initiative	ARP/ESSER III Allowable Expense Category	Department, Community Partner, Stakeholder	Amount	Initiative Status	
FY22-FY24	One time costs.	Air Quality Improvements District Wide	Air quality improvements identified in this line item extend the current offering of improved air filtration and portable air purifiers. One time expenses included in this funding allocation include air conditioning solutions at schools where no air conditioning is present. At this time, only half of our public school facilities have air conditioning. There has been a long-standing need to identify and remediate individual "hot spots" in schools across the district, especially during late summer/early fall and late spring/early summer when classroom temperatures escalate beyond the outside air temperature.	Air Quality Improvements	FPS Business Office/Facilities & Capital Projects/Stakeholders	5,000,000	Air conditioning(AC) has been added to the cafeteria at Hemenway. Dunning will have AC operational in their cafeteria by the start of next week. Walsh library will have AC operational by the start of next week. Brophy and Potter cafeterias are being researched by our HVAC Engineer to determine how and if AC may be added to those mechanical air systems. We are moving forward with the full McCarthy AC project and plan to fully AC the building by the end of next summer. We are advertising an RFO for HVAC Engineering firms to apply to perform a more in depth study on how to improve Indoor Air Quality(IAQ) at all schools including research as to where we can add AC where it currently does not exist at 7 schools. We will continue our IAQ improvement related efforts this school year that were put in place last year, i.e. the use of portable air purifiers, the use of higher MERV rated air filters where possible, increased run time on air handler systems and increased air exchanges to improve air flow and air quality at all schools.	
FY22	Yes. Shift costs to operating budget over two years.	Additional Afterschool Transportation - 3 buses	Brophy school has many students that do not live in the area of the school. This late bus proposal would provide transportation home at no cost for students there are referred to provide out of school enrichment and tutoring.	Mitigating Learning Loss/Summer learning and supplemental afterschool programs	FPS Community Resource Development/Out of School Time	25,920	The Explorers coordinator, Wraparound coordinator, and principal leadership team will continue meeting to pilot this initiative in October of 2021.	
FY23	Yes. Shift costs to operating budget over two years.	Additional Afterschool Transportation - 2 buses		Mitigating Learning Loss/Summer learning and supplemental afterschool programs	FPS Community Resource Development/Out of School Time	17,280		
FY22	One time FY22-FY24 costs	Tutoring Services for Students		Mitigating Learning Loss	FPS CRD/OST/Equity/OTL	372,195	CRD will be collaborating with principals during the month of September to roll out a tutoring plan starting in October.	
FY23	One time FY22-FY24 costs	Tutoring Services for Students	COVID led to unprecedented loss in time on learning. To provide students with the optimal opportunity to re-engage in school, funding will be directed to provide targeted groups of students with academic tutoring support. Priority will be given to students and schools facing significant gaps in opportunity and achievement.	Mitigating Learning Loss	FPS CRD/OST/Equity/OTL	372,195		
FY24	One time FY22-FY24 costs	Tutoring Services for Students		Mitigating Learning Loss	FPS CRD/OST/Equity/OTL	372,195		
FY22	One time FY22 cost	Community partner support		Mitigating Learning Loss/Summer learning and supplemental afterschool programs	FPS CRD/OST/Equity/Community Partners	175,000	The district will establish a mini-grant model program for community partners to submit proposals on how to expand their out of school time (OST) programs to deepen supports for students in mitigating learning loss. The estimated timeline for this is to launch in January 2022.	
FY23	One time FY23 cost	Community partner support	Our youth serving community partners have continued to provide programming and enrichment to our students and families throughout the pandemic. This funding will provide an opportunity for them to submit a proposal of a new and innovative program that will support students learning loss through social emotional programming.	Mitigating Learning Loss/Summer learning and supplemental afterschool programs	FPS CRD/OST/Equity/Community Partners	175,000		
FY22	Yes. Shift costs to operating budget over two years.	Professional Development for Staff	Professional Development for staff is essential to our growth as a district. FPS is intent on providing talent development opportunities to all of our employees, not just our teachers. Moreover, the district seeks to promote more training of diversity, equity and inclusion to all staff regardless of role. This PD will help our staff learn to help the engagement and acceleration of student learning to make up for the disruptions that have occurred over the past two academic years due to the pandemic.	Mitigating Learning Loss	FPS	300,000	Work on this effort is ongoing.	
FY23	Yes. Shift costs to operating budget over two years.	Professional Development for Staff		Mitigating Learning Loss	FPS	300,000		
FY23-FY24	One time FY22-FY24 costs	Welcome Center Expansion - Heath Office Suite	One-time expenses to help with the design and development of a Health Suite at the Framingham Public Schools Welcome Center to offer basic physician services that prevent the timely enrollment of students (e.g., immunizations, physicals, etc.) and basic dental hygiene services which are often neglected and which impact school attendance. This was raised by Ms. Hugo in prior conversations and is a partnership opportunity with the medical community in Framingham and which has already gained attention and support.	Mental health services and supports/Implementing public health protocols	FPS Superintendent Office	200,000	Work on this effort will begin following School Committee approval of the Superintendent Goals.	
FY22-FY24	One time FY22-FY24 costs	Preschool Expansion Support	In our district efforts to expand early childhood opportunities to all Framingham 4-year olds, this line item for Preschool Expansion Support is directly aimed at training for our partner staff at the YMCA and Framingham State University and for the addition of student support services through contracted related service providers for students as needs emerge at our partner sites, including transportation services to and from BLOCKS Preschool, if necessary, for service delivery to students.	Meeting personnel training needs for preschool staff	FPS Superintendent Office	250,000	The FPS Early Childhood Expansion Team is meeting regularly to finalize expansion and training plans with our community partners at the MetroWest YMCA and Framingham State University.
