13	27	41	M06	M20	
14	28	42	M07	M21	

## Highlights

- COVID played a significant role in slowing CDL training in late December and January. Planning to use February vacation week as a catch up.
- One new CDL driver licensed February 1<sup>st</sup> with one additional driver testing February 22nd
- Two permitted CDL trainees withdrew from class and will continue as 7D drivers
