

File: KLK - RELATIONS WITH GOVERNMENTAL AUTHORITIES

The Framingham School Committee will cooperate to the highest extent possible within the limits of its jurisdiction and such statutory or legal provision as may exist, with all municipal agencies of the City of Framingham where the financial welfare of the City or the best interests of public education are concerned.

The School Committee and its administrative officers welcome all who seek to serve the residents of the community and will participate with them in the planning and execution of such projects as will be mutually beneficial for students.

It is School Committee policy that administration informs elected and appointed officials of the local and county government of the desire to work cooperatively for improved services.

At such times as the acquisition of land for school construction is contemplated, the School Committee shall cooperate with all concerned municipal agencies and shall make such recommendations as may be solely based on the future best interest of the Framingham Public Schools.

Establishment of Liquor Licenses:

The School Committee is opposed to the issuance of liquor licenses within 500 feet of any school in pursuance of statutory provision.

When, in the opinion of the Licensing Commission, the granting of a liquor license in these circumstances is deemed advisable, the School Committee expresses its desire to discuss the particular exception with the Licensing Commission prior to the issuance of the liquor license.

The School Committee will participate in local and state planning functions that could directly affect District schools and their immediate environment.

The Superintendent or designee will keep the School Committee informed of planning matters bearing directly on the operation of District schools or school-sponsored programs, and will undertake action on behalf of the School Committee to influence matters in the best interests of the students, the schools and the District.
