RE: MSBA Accelerated Program Vote Requested

Included in your packet for the March 2, 2022 School Committee meeting are applications to the MSBA's Accelerated Roof Replacement Program for Charlotte Dunning Elementary School and Potter Road Elementary School. Both roofs meet the age requirements for potential MSBA funding (25 years old or older) and are identified in our long range roof replacement program as priorities 3 and 4. In accordance with the Accelerated Roof Replacement Program, District staff are requesting a vote from the School Committee to approve the submission of these two applications to the MSBA by the March 25th deadline. These applications will be reviewed at the March 15th City Council meeting for their consideration and hopeful vote to support these submissions. Staff from Buildings & Grounds will be present at the March 2nd meeting to provide any additional information or answer any questions.
